Preparing for a Smooth System Conversion: What Every Organization Needs to Know Before Making the Leap

July 29, 2025 – 9:00am PT/12:00pm ET

One (1) RMAI Education Credit

Sponsored by:

Thinking about switching to a new system? Don't dive in blind. This webinar will guide you through the critical pre-conversion steps your organization must take to reduce risk, maintain operation continuity, and ensure a successful transition. From aligning internal workflows to cleaning your data and securing full team buy-in, we'll break down each core area that needs attention **before** the first line of code is migrated.
